PICKLEBALL

Pickleball is one of the fastest growing sports in North America. Anyone can play. The rules are simple and the equipment is affordable, and can be purchased at most sporting goods stores.

We will have 4 courts to play. 1 court may be used for practice and teaching . Lessons, and drills will be available.

My mission for Pickleball is to assist and promote the growth of Pickleball as a game for all ages.

** No refunds after the start date, all players are playing under their own free will and I or any person helping with this event shall not be liable for any injury, damage or loss to persons belongings during your time with us.
